

Internship

in Seville (Spain)

At Carlos V Language School, we do not only teach languages. We also work in other areas which foster the contact to other languages and cultures. This is why we offer young people from other countries the possibility of a work placement in Seville.

- We have a broad network of contacts to companies from different sectors
- We review your CV and adapt it to be sent to local companies
- We organize skype interviews with the companies and accompany them if necessary
- We take care of all the necessary administrative procedures in Spain
- We provide Spanish language training at our language school
- We'll find accommodation according to the needs and wishes of the participants
- We organize cultural and leisure activities and field trips
- We organize the transfer from and to the airport
- We'll have a welcome session at the language school, where we give the participants a students' guide and other important documents
- We complete the required documents and follow-up forms as well as the evaluation of the placement
- We'll have a closing session at the end of the placement
